¹⁾ Test of codons 146 und 222 based on the EFSA opinion "Genetic resistance to transmissible spongiform encephalopathies (TSE) in goats"

Disclaimer: The identification of the genotype was carried out with great diligence and with respect to scientific knowledge. The client accepts that the testing services provided here have an inherent potential for error and that Agrobiogen makes no representation that its services will be fully accurate or error-free. Agrobiogen disclaims and excludes all warranties or representation of any kind with respect to its services including any indirect, or consequential damages. Claims for compensation are limited to intent and gross negligence.

_____ date and signature

Results will be provided per email, usually no later than 14 working days after sample receipt.
 Upon request, results can be mailed in written form. Signing the form also implies that the client agrees to terms and conditions of Agrobiogen GmbH (www.agrobiogen.de)
